# LIGHTING TRACKS

Illuxtron offers a high quality 3 circuit (3-phase) lighting track system which is fully compatible with 3-phase adapters of all major brands. The comprehensive range of innovative accessories – like the twisted L and T connectors – gives the designer maximum freedom to create the ultimate track plan. The track can easily be shortened and the Ezklik mounting features make the track system quick and easy to install. After cutting the track it's immediately ready to install and there is no need to adjust the wires.

The track products are being produced under certified ISO9001 and ISO14000 regulations and ENEC, UL, TUV and GS labels which are relevant for the European market.

For more information, please feel free to contact us!

Our sales department is always at your service for any questions or for support.
